## Application assessment and entry requirements

All the required information and support documents for an international student application are listed on the Application Form (A1) for international students (refer to the latest International Course Guide) and the document checklist (refer to appendix 1). The application process is documented in appendix 2. International Students can also apply using the online application form.

International Officers follow the admissions procedures to ensure that the qualifications, experience, and English language proficiency of the students are suitable for the course in which they intend to enrol. The admissions team assesses the application by using the WAI English and Academic Entry Requirements Admissions Checklist, which outlines the required academic and English language requirements for students from different countries. This process aims to verify that international students meet the necessary academic requirements and possess the required level of English language proficiency before they are accepted into the course.

Fraudulent applications will be automatically rejected. If the application is submitted by an agent, the fraud will be recorded against the agent and may result in cancellation of an Approved Representative/Agent Agreement.

Applications are not processed unless they are fully completed.

## English Language Proficiency Requirement

The English Language Entry Requirements are published in the International Course Guide and WAI's website.

International students must fulfil the English requirement by meeting one of the following criteria (detailed scores required are published in International Course guide and on the Institute' website):

If the student is not able to demonstrate that they have met the Institute's minimum English language proficiency requirements as stated above, they may choose to complete an English Language Intensive Course for Overseas Student (ELICOS) at an Institute Approved ELICOS Provider in Australia and exit at a level deemed equivalent to the required levels or the main course of study at WAI.

Special consideration for entry may be granted on the basis of extensive and relevant work experience undertaken by the student in a related industry. Interviews with students may be undertaken to establish the suitability of the student for the course – a holistic view of suitability based on short courses undertaken, maturity and life experience.

## Applications from Agents

The majority of applications from international students are received through referral from Approved Education Representatives/Agents.

Approved Education Representatives/Agents will be required to ensure and testify by signature, that applications are complete and valid before submitting to the Institute for assessment.

An *Agent Declaration* must be submitted by the agent confirming completeness of application, suitability of applicant and compliance with Genuine Temporary Entrant (GTE) criteria.

Agents are required to complete an Agent Declaration confirming completeness of application, suitability of applicant and compliance with Genuine Temporary Entrant (GTE) criteria. They must also declare that

- they have sighted the documents which form part of the application and they appear to be authentic and valid.
- the applicant has genuine access to the total funds required, while in Australia, to cover all travel, OSHC, tuition and living costs for themselves and their family members (if applicable).

Offshore applications from non-approved agents will not be accepted.

## Applications and Assessment of Applications

All applications to William Angliss Institute will be assessed by International Officers against the International Student Admission Checklist that includes student details, assessment level, English entry requirements, academic entry requirements, finance requirements, GTE criteria checks.

The Managers International Office will be responsible for more complex applications, to determine whether they are genuine. Issues that may raise concern include if a student has:

- a history of moving between Registered Training Providers (RTOs) especially for onshore applicants
- poor academic results and/or poor attendance from previous Provider for onshore applicants
- lack of financial evidence
- unable to provide proof of Overseas Student Health Cover (OSHC) for onshore applicants
- unable to provide visa status or CoEs for onshore applicants

Further investigation is warranted for the above instances and it may be necessary to interview students in person or via Skype (or similar) to determine whether the applicant is genuine. Interviews may also be undertaken if the applicant has not identified sufficient clarity about their chosen course of study and that GTE requirements are in question. Interview questions are posed according to an Interview Question Guide.

## Letter of Offer and Acceptance Agreement

On successful assessment of application, the student will be issued with a *Letter of Offer and Acceptance Agreement* outlining details of course/s (expected course start date, the location, modes of study), list of conditions where applicable, tuition fee, study periods, other fees, complaints and appeal processes, financial details, payment terms, refund policy, and also a *Student Declaration*. In the case of applications submitted by an agent, the *Offer and Acceptance Agreement* will be issued to the agent on the student's behalf. The Agent is responsible for explaining the details of the Offer and the terms and conditions that apply.

The *Student Declaration* requires the Student to confirm information including:

- having the required funding and source/s
- complying with the student visa requirements
- meeting GTE requirements
- understanding the obligations in relation to the course

Upon payment of fees, the international student will enter into a written agreement with WAI by signing and returning the Acceptance Agreement. If the student is under 18 years of age, the agreement must be signed by the student's parent or legal guardian.

## Payment of Fees

Prior to application, students are supplied with detailed information regarding the cost of study, insurance and living expenses through marketing collateral. Applicants must declare that they are fully aware of required finances and confirm that they have sufficient funds to cover living costs, tuition fees and non-tuition fees in the *Student Application Form*.

Students are directed to the Department of Home Affairs (DHA) website for up to date information regarding living costs for applicants, spouses, families and guardians.

Applicants from some high risk countries may be required to provide documentary evidence of sufficient funds for the first year of tuition, health insurance and living expenses for themselves and any dependants

The *Offer Letter and Acceptance Agreement* details financial requirements, payment terms and conditions. Minimum indicative costs of living, tuition fees, material costs and Overseas Student Health Cover insurance are provided in all promotional collateral.

Prospective students must pay a minimum of one semester's tuition fees plus visa length OSHC to obtain a Confirmation of Enrolment (CoE). In the case of packaging with a Bachelor degree, students must pay an additional deposit for confirmation of enrolment.

The Application Form requires the applicant to acknowledge they are aware of, and have access to, adequate funds for their study and living in Australia for full course duration. It includes a Student Statement which asks students to explain the reasons for their choice of study, choice of Institute, planned career path and immigration history.

The Letter of Offer and Acceptance Agreement also includes a financial declaration acknowledging availability of funds required for tuition fees for duration of course (including materials fees), living expenses, health insurance, airfares and schooling of dependants if applicable and the source of funds.

## Confirmation of Enrolment (COE)

Once entry requirements are met, tuition fees and visa length Overseas Student Health Cover (OSHC) are received and processed; International Officers will issue the Confirmation of Enrolment (COE) via Provider Registration and International Students Management System (PRISMS). All procedures for issuance of CoE are documented in the PRISMS User Guide For CRICOS Administrators.

International Officers ensure that the COE reflects the correct course details. International Students are required to complete the course within the expected duration as specified on their confirmation of enrolment (CoE).

The International Officers also inform students of Orientation details not less than two weeks prior to enrolment and arrange airport pickup if required.

## Record Keeping

The Institute must retain records of all written agreements as well as receipts of payments made by students under the written agreement for at least 2 years after the person ceases to be an accepted student.
