<b>Subject Overview</b>	This subject introduces students to the scholarly literature on entrepreneurship and the entrepreneurial mindsets, practices, and experiences of successful entrepreneurs from international business, social and government fields. From entrepreneurial ecosystems to entrepreneurial opportunities, judgement and intention, entrepreneurial behaviour and practices, students will gain theoretical and practical insights into how ideas can be turned into new start-ups.
-------------------------	---

<b>Learning Outcomes</b>	Critically discuss what is meant by entrepreneurship from a theoretical perspective, and the role an entrepreneur plays in the new venture creation process
	Critically discuss the attitude, values, characteristics, behaviours and processes associated with entrepreneurial mindset and entrepreneurial behaviour
	Apply the theory underpinning entrepreneurship to establish new start up opportunities
	Evaluate entrepreneurial opportunity and report findings

<b>Assessments</b>	<b>Details</b>	<b>Weighting</b>
